

# 22<sup>nd</sup> INTERNATIONAL LEPROSY CONGRESS (ILC) 2025

*"Towards a World with Zero Leprosy"*

## GENERAL INVITATION

We are pleased to announce the **22<sup>nd</sup> International Leprosy Congress (ILC)**, taking place from July 5–9, 2025, at the Bali Nusa Dua Convention Centre in Bali, Indonesia. This year's congress will convene under the theme, *"Towards a World with Zero Leprosy,"* aiming to inspire meaningful advancements and collaborative efforts in the fight against leprosy.

The **International Leprosy Congress (ILC)** is an international scientific meeting that takes place every three years. It invites experts in the field of leprosy and participants from around the world to share the latest developments in research, knowledge, and experiences with the ultimate goal of eliminating leprosy and improving the quality of life for those affected.

### Event Details:

Event	: 22 <sup>nd</sup> International Leprosy Congress (ILC)
Pre–Congress	: July 5–6, 2025
Main Congress	: July 7–9, 2025
Venue	: Bali Nusa Dua Convention Centre

We welcome all those dedicated to leprosy research, clinical care, advocacy, and support services to join us for this important gathering. Together, let us contribute to the global effort to eliminate leprosy and work toward a future of improved health equity and inclusion.

Sincerely,  
Chairman of ILC 2025

Prof. Dr. M. Yulianto Listiawan
